## Project Proposal

Please write a brief description of your area of interest or idea. This idea will be shaped into a concept through research. Your piece should express an opinion, explore an idea or answer a question. It is best if this idea relates to you and your life as well as your cultural background or the culture you live in. In other words, it should be meaningful.

Imagine your art work as a research paper; the "concept" is the thesis statement, the IWB research is the body of the paper, and the artwork itself is the conclusion.

*We will meet and discuss your idea and I may give you suggestions. Once approved, this will be fully developed in your IWB as the IDEA and RESEARCH components.*
